

If you can type, you can handle your accounting, word processing and much more on ISC's Small Business Computer!

The Intecolor[®] 8963 is just one of a complete line of ISC desktop computers designed for businessmen who don't know how — or don't have time — to write programs. It's CP/M[®] compatible, so you can choose from hundreds of CP/M business programs — programs that have been proven in hundreds of actual applications.

Programs like General Ledger, Accounts Receivable and Payable, Payroll, Mailing List and Inventory Control are now available *in color*. You'll comprehend data faster, thanks to the proven readability of ISC's eight-color display.

To compose letters and other documents quickly and easily, you'll want ISC's unique *color-coded* Word Processing program. With an optional printer, you can print out as many mistake-free originals as you want!

The Intecolor 8963 is just \$6395,* and includes a 19" color graphics display, typewriter-like keyboard, dual disk drive for data storage — even a color version of Microsoft[®] Business BASIC for those of you who *do* want to program.

Don't let your business get behind the times. Call your ISC sales representative or visit your nearest Factory Authorized ISC dealer and get a "hands on" demonstration *today*.

Color Communicates Better

* U.S. domestic price. Unretouched photo of screen. CP/M is a registered trademark of Digital Research Corp.

OEM Quantity Discounts are available to Qualified Dealers and Volume Users of 25 Systems (or greater) per year. Call your nearest ISC Representative listed below.
